## A Practitioner's Guide to **Inside Information** Managing the legal and regulatory risks

Authors: Jonathan Marsh and Brian McDonnell, Hunton & Williams

The proper management of inside information and its disclosure to the market has become an increasing focus for the FSA. Recent high profile actions against Shell and others are evidence of increased enforcement activity for infringements of a listed company's disclosure obligations.

This is an area where many laws and obligations overlap, and create a regulatory minefield for practitioners. The FSA is now beginning to police listed companies very much as they do authorised firms, and those companies now need to be proactive with regard to their systems and controls.

### Inside Information

*Information of a precise nature; which relates to one or more qualifying investments; which is not generally available; and which if generally available would be likely to have a significant effect on the price of the investment or related investments*

*A Practitioner's Guide to Inside Information* draws together all the strands and provides an effective guide through the legislative and regulatory maze. It gives the reader guidance on the practical steps to take to ensure effective risk management and on the establishment and maintenance of appropriate systems and controls.

## Why should you buy A Practitioner's Guide to Inside Information?

*A Practitioner's Guide to Inside Information* is a complete guide to the management and disclosure of inside information by listed companies. The book will cover all aspects of relevant UK regulation including civil law liability, as well as obligations arising from international developments and in particular the potential impact of US securities law on UK issuers.

## Who should read A Practitioner's Guide to Inside Information?

- Company secretaries
- In-house counsel
- Finance directors
- Other board directors
- Lawyers in professional practice
- Compliance officers in FSA authorised firms
- Professional financial advisors to listed companies

## About the authors

**Jonathan Marsh** is a Partner working in the London office of Hunton & Williams. His practice focuses on all aspects of UK and EU financial services law and regulation.

A former senior legal adviser at the Securities and Futures Authority, Jonathan has extensive experience of advising financial markets participants including derivatives traders, banks, brokerage houses, asset management companies, insurance brokers and listed companies on obligations arising under the Financial Services and Markets Act 2000, the FSA's rules, anti-money laundering laws and the rules of Recognised Investment Exchanges. Jonathan is deputy Chairman of the Futures and Options Association's (FOA) Financial Services Legal Committee. He also sits on the FOA's Compliance Committee and is a member of the Association of Regulatory and Disciplinary Lawyers.

**Brian McDonnell** is a Senior Associate in the Financial Institutions Group at Hunton & Williams. His practice covers all aspects of UK and EU financial services law and regulation.

Formerly at the London Stock Exchange, Brian has extensive experience of advising financial markets participants on obligations arising under the Financial Services and Markets Act 2000, the FSA's rules, anti-money laundering laws and the rules of Recognised Investment Exchanges. Brian speaks widely on FSA regulation and is a member of the Syllabus Review Group for the Securities Investment Institute Certificate in Corporate Finance examination. He is also a member of the Quoted Companies Alliance MiFID working group and a member of the Association of Regulatory and Disciplinary Lawyers.
